Whereas the Board and the Association, following extended and deliberate negotiations, have reached certain understandings which they desire to memorialize. In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I: GENERAL STATEMENT

- A. As used in this agreement the term "teacher" refers to all full-time certificated professional individuals under contract as defined in Article VII.A., who are employed by the Talbot County Board of Education, except the Superintendent of Schools and all other individuals in administrative positions or others designated by the Board of Education to represent them in public school negotiations. Teachers shall be represented by the Association, the exclusive representative as specifically provided for in Section 6-404 of the EDUCATION ARTICLE OF THE ANNOTATED CODE OF MARYLAND.

It is understood and agreed that whenever he and him appear in this contract it shall mean he/she and him/her, except where referring specifically to a male or female teacher.

- B. When ratified by the Board and the Association this agreement shall affect existing policy of the Board only to the extent that the provisions hereof are inconsistent with such policy in which case the provisions hereof shall take precedence to the extent of such inconsistency, provided such provisions do not conflict with the PUBLIC SCHOOL LAWS OF MARYLAND, MARYLAND STATE BOARD OF EDUCATION REGULATIONS (COMAR), FEDERAL LAWS, and/or interpretations of such laws by Maryland or Federal courts and/or the Maryland State Board of Education.

Any language in this Agreement which, by declaration of the Maryland State Board of Education or a court of competent jurisdiction, constitutes an illegal subject of bargaining, whether as a result of a proceeding involving the parties hereto or any other board of education in the State of Maryland, shall result in the nullification of the affected language in this Agreement and the affected language shall be removed at the next printing of the successor to this Agreement.

- C. This agreement shall not be interpreted or applied to deprive teachers of professional advantages heretofore enjoyed unless expressly stated herein.
- D. The Association and the Board agree that, should the receipt of funds be insufficient to implement fully the provisions of this agreement pertaining to

salaries, wages, hours, or conditions of work, those provisions affected by such reduced receipt of funds will be reconsidered within 10 days pursuant to the opinion rendered by the Maryland State Board of Education on June 25, 1969, and applicable laws and bylaws.

In the event that the Board's budget is not fully funded by County Government, the Board will notify TCEA in writing and furnish TCEA with all documents and communications between the Board and County Government in which the underfunding is described and/or explained. Receipt of these documents and correspondence by TCEA shall be verified by a signed receipt.

- E. In the event any portion of this agreement is ultimately ruled invalid for any reason by an authority of established and legal jurisdiction, the balance and remainder of this agreement shall remain in full force and effect.
- F. Except as expressly provided otherwise by this agreement, the determination and administration of Board policy, the operation of the schools, and the direction of the employees shall be vested exclusively in the Board.
- G. Copies of this agreement shall be distributed to teachers on or before the first work day each year, unless there is no final agreement by the first work day of any school year in which event copies will be distributed to teachers within thirty (30) days of the date of execution of the final agreement, at no cost to the Association.
- H. In the event that an impasse in negotiations is reached, the impasse process shall be conducted pursuant to regulations adopted by the Public School Labor Relations Board and in compliance with the provisions for handling an impasse as provided by Title 6, Subtitle 4 and 5, et. seq. of the Education Article of the Annotated Code of Maryland. The cost of impasse finding proceedings shall be shared equally by the Board and the Association.

- B. Duly authorized representatives of the Association may be permitted to transact official Association business on school property before and after school hours, and during lunchtime with the agreement of the principal, provided that this shall not interfere with or interrupt school operations during this period of time. Such business shall include the ability to use the Talbot County Public Schools EMAIL computerized message system for legitimate, Talbot County related, Association business. If the Association wishes to send a message to a group of employees instead of a single addressee, such messages shall be pre-approved by the Superintendent or designee. At no time will the Talbot County Public Schools EMAIL messages contain information that can be construed as being detrimental to the Board, Administration, employees, students or parents.
- C. A courtesy copy of all notices posted shall be provided to the School Manager on or before the day of posting.
- D. The Association and its representatives shall have the right to use school buildings without cost and without completing use of building forms at all reasonable hours for meetings. The School Manager shall be made aware of building use requests to assure there are no scheduling conflicts
- E. The Board shall furnish without cost to the Association in response to reasonable requests one copy of those documents which will assist it in developing intelligent, accurate and constructive programs on behalf of teachers, provided the Association extends the same courtesy to the Board on a reciprocal basis. The Association assumes the responsibility of duplicating the material if an original is provided.
- F. As members of a private organization it is agreed that no teacher may be absent from school to conduct or participate in Association business or affairs without prior approval of the Superintendent One officer or Association representative as designated by the president shall attend all public Board meetings and shall be excused from normal duty assignments without loss of pay or leave time to attend board meetings. The Association shall notify the Superintendent within twenty- four (24) hours of receiving the agenda for the board meeting of the Association representative who shall attend the meeting. The Board agrees to

post on the Board of Education's website the proposed agenda, including available addenda, of Board meetings in advance of such meeting. The Board shall provide the Association a copy of all non-confidential documents presented to the Board at the meeting. The Board shall post the official approved minutes of the Board meetings on the official website. (1) The Board will provide release time, without loss of pay or benefits, for one work day per designated employee per school year to attend the Annual Convention of the Maryland State Teachers Association. Except in case of emergency, no later than ten (10) working days prior to the date for which release time is being requested, the President of the Association shall certify, in writing to the Superintendent of Schools, the names of official delegates (with a maximum of one (1) delegate per fifty (50) actively employed Association members) and up to three (3) additional members whose attendance is required at the convention.

The Association President shall attempt to give his/her principal a twenty-four (24) hour advance notice of his/her absence for Association business or affairs. Additional days may be requested and approved by the Board.

ARTICLE III: TEACHER RIGHTS AND RESPONSIBILITIES

- A. Teachers shall arrange at reasonable times for conferences with parents when it appears that better understanding or more cooperative support from the home is required for the student's success in the program.

Further, any teacher disciplined, suspended or dismissed in accordance with the provisions of 6-202 of the MARYLAND PUBLIC SCHOOL LAWS, shall be afforded the opportunity to be heard by the Board of Education within thirty (30) days of the effective date of the disciplinary action. All claims brought under this Section of Article III shall only be adjudicated under the provisions of 6-202. When a meeting with a member is being called for the purpose of investigating an issue, which in the view of the teacher may give rise to disciplinary action, the teacher may request an association representative to be present. When a meeting with a member is being called for the purpose of suspension without pay, demotion, or discharge,

the member shall be advised of his/her right to representation prior to the beginning of any such conference or meeting.

- C. A teacher shall receive experience credit, up to the maximum levels defined in Article XIX (B) 11, for all verified experience received during a regular school year (September 1-June 30) from pre-kindergarten through college, in an educational institution which is approved or recognized by the Maryland State Department of Education or by the State Department of Education of the state in which it is located.

Part time experience will be recalculated into full-time equivalency by the personnel office. Credit will be granted for each equivalent full year. Partial equivalent years will be honored in half year increments. (For example, a teacher entering with a calculated 9.8 years experience would receive credit for 9.5 years. Also, a part-time teacher who works .4 FTE would accumulate 1.2 years experience over a three year period which would yield 1.0 years experience.) Full or part-time substitute teaching shall not apply for experience credit.

All teachers with military experience will be granted salary credit as follows:*
A year's credit shall be given on the salary schedule for each ten months on active duty. This credit shall be established on the following criteria:

- a. A Talbot County teacher being inducted into the military can receive salary credit for two years' service when employed.
- b. A person serving in the military prior to employment in Talbot County shall receive a maximum of one year's credit on the salary schedule.
- c. To receive credit, the teacher must have been honorably discharged.

*Employment as a vocational teacher shall be the exception as provided for in the Maryland certification regulations.

At the teacher's request, the Association may assist him in exercising his rights.
- E. Upon request to the Personnel Department, teachers eligible to retire shall be provided with literature explaining the various options available to them upon retirement. A conference will be held for the teacher who wishes it.
- F. Items entered into a teacher's personnel file, except initial interview evaluations and confidential references pertaining to original employment or promotion shall be open to that teacher by a mutual appointment, but unless otherwise requested by the teacher, shall only be available to his principal, School Manager,

school/area supervisor, Personnel staff, accounting office, and Superintendent of Schools.

Original or photocopies of transcripts or other related documents on file cannot be given to the teacher. However, photocopies of all such documents will be made at the request of the teacher provided reasonable time is provided to do so. A minimal charge may be required if judged appropriate by the Personnel Office.

Following the review of the personnel folder the teachers may affix their signatures to any document indicating they have reviewed the material. The signature in no way indicates an endorsement of the content.

No unfavorable entry shall be made to a teacher's file unless a copy is provided to the teacher. A teacher shall have the right to answer in writing any complaints filed in his personnel file and his answers shall be attached to the complaint.

- G. The Board shall not hold liable a teacher for using reasonable force in his self-defense or in the restraint of a student to prevent harm to that student or others. In case of a legal claim brought by a student and/or his parents related to the action above, the Board shall provide legal counsel to the teacher if requested. The Board shall pay for any damage to a teacher's personal property resulting from such intervention as referred to herein. For purposes of this agreement, personal property shall be defined as including clothing and other articles legally worn or carried by the teacher at the time of intervention or involvement. The burden for proof of loss shall be upon the teacher.

The Board shall pay for damage to a personal item brought to school by a teacher to use in the classroom for instruction or for a school function up to a maximum of \$200.00 provided that the damage to said personal item is not caused by the teacher and provided further that the teacher has obtained authorization from the principal to use said item for instruction or for a school function.

- H. Reduction in force - Teaching staff:

1. Authority/Definition

The Board of Education of Talbot County retains the right to reduce its force, and its decision on such reduction is not subject to the Grievance Procedure Article XX. However, any action taken under the procedure or recall sections of this Article (below) may be grieved.

2. Procedure

When there is to be a reduction in the teaching staff in any field or program area for which a certificate is issued, the determination of those who are to be laid off shall be according to seniority, based upon total

applicable experience in Talbot County. For purposes of Article III, Section I, part time teachers will accumulate this total teaching experience on a pro-rated basis equal to the percentage of time assigned. For example, a 50 per cent (50%) teacher will accumulate one half (1/2) year teaching experience for each year taught.

Bumping into a second field or area on a teacher's certificate is allowable only if the teacher has had prior experience in that area or field in Talbot County, in which case only the total, actual experience in that specific area or field in Talbot County will count toward seniority.

The above shall be applicable in the following order:

1. Provisionally certificated teachers
2. Non-tenured teachers with a professional certificate
3. Teachers rated as Class II
4. Tenured teachers with a professional certificate

Tenured teachers who have been laid off shall be recalled in the inverse order that they were laid off.

They shall be notified of recall by registered mail sent to their address on file. Within 20 calendar days of the mailing of an offer to return to employment, the teacher shall accept the position in writing, by registered mail, or it shall be deemed that he/she has declined the offer. Any tenured teacher declining an offer is automatically removed from the recall list unless the teacher presents a medically certified disability report at that time. Recall teachers shall be available for duty within twenty-one (21) calendar Days.

It shall be the responsibility of each tenured teacher on the recall list to keep the personnel office informed, in writing, by registered mail, of any change in address. A tenured teacher shall remain on recall for twenty-four (24) months.

Teachers on leave of absence shall be eligible for layoff as though they were in active Service.

When a layoff continues, no new teacher shall be hired if a certified teacher in the area or field of vacancy still on the recall list is available.

- I. The personal life of a teacher shall be the concern of, and warrant the attention of the Board only as it may directly prevent the teacher from performing his assigned functions during duty hours, be in violation of local, state, national or common law, or be prejudicial to his effectiveness in his teaching position.

- J. The Board and the Association agree that the freedom to learn and freedom to teach are essential to teachers, students, and education in general. Academic integrity in study, investigations and interpreting facts and ideas concerning man, society, and other branches of learning is encouraged and will be supported.
- K. The principal or his designated representative shall inform the appropriate teacher(s) of any student who is HIV (human immunodeficiency virus) positive when such information is disclosed by the parent to the Superintendent and the parent(s) agrees to a release of the information.
- L. Teachers shall not be required to search students for head lice, other body pests or any contraband.
- M. A teacher observation and evaluation committee made up of Board of Education and Association representatives would meet to discuss any changes to current procedures and practices of the observation and evaluation process.
- N. The Association and Board shall jointly develop and implement a school-based Faculty Advisory Council prior to the beginning of the 2013-14 school year. The basic purpose of the Faculty Advisory Council is to establish and maintain positive relationships and communications among the faculty and staff. The council shall also serve as the vehicle by which proposed changes in existing policies and practices, and new policies and practices for each school may be considered and may be subject for discussion at any Faculty Advisory Council-principal meeting.

ARTICLE IV: POLITICAL RIGHTS

The Board and the Association recognize the right of teachers to participate in lawful political and governmental affairs. Such lawful participation shall not affect their professional status.

ARTICLE V: BOARD POLICY

Talbot County Board of Education policies are located online. All Board meeting Agendas and electronic presentations will be emailed to the Association President.

ARTICLE VI: NOTICE OF ASSIGNMENT AND VACANCY ANNOUNCEMENT

- A. Teachers on duty as of June 1 of any calendar year will be given written notice by appropriate officials of their building assignment for the forthcoming year by June 1. In cases where this deadline is administratively not feasible, this notice will be available by the end of the school year or as soon as is feasible. Building principals will notify school based teachers, in writing, of their projected subject(s) assignment by August 1. All teachers reporting on and after June 1 of any calendar year will be assigned and notified for the ensuing school year as soon as is feasible.
- B. In arranging schedules for teachers (excluding those in supervisory and administrative positions, visiting teachers, and similar positions) who are regularly assigned to more than one school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of their schedule by June 1 or as soon thereafter as is administratively feasible.
- C. Provisionally certificated teachers shall receive notice of building(s) assignment and subject(s) assignment by the responsible school administrator(s) following the renewal of their Provisional Certificates or by August 1, whichever is later, subject to the needs of the school system.
- D. In the event that any change in class and/or subject assignment, or building assignment is necessary after notification has been sent, the building principal or appropriate school administrator shall notify the teacher in person or in writing. - E. In order to assure that pupils are taught by teachers working within their areas of competence, every effort will be made to assign teachers within the scope of their teaching certificates.
- F. This Section is subject only to the non-binding Grievance Procedure of Article XX. All teachers not being considered for reemployment will be so notified by May 1. A reply stating why a requested transfer did not take place will be provided to the affected teacher following receipt of a written request.
- G. All vacancies in administrative and supervisory positions, plus any new assignments in such areas, will be prepared for distribution and forwarded to the respective building principals and School Managers for posting within ten (10) days after the vacancy occurs.

- H. Intent forms can be obtained online. All intent forms returned to the Personnel Office by February 28 shall be used to compile all known or indicated vacancies for the coming school year, except a teacher's intent revealed confidentially in writing. The listing will be posted as openings become available.
- I. The Board will seek to fill all vacancies with qualified applicants from within and outside the school system. Qualified applicants employed on the professional staff of the Talbot County Public School system will receive due consideration.

ARTICLE VII: WORKING HOURS AND CONDITIONS

The total regular workday will be defined as seven and one half (7.5) consecutive hours including a 30 consecutive minute duty free lunch period, except there shall be two (2) non-consecutive work days permitted each year to allow for evening parent conferences. It will be the responsibility of the building administrator to set the hours of operation for each school so that teachers are on duty when students arrive and remain on duty until the time when students leave and to coincide with transportation schedules set by the Transportation Department for each school.

Teacher participation in activities, which extend beyond the regular workday shall be voluntary, except that teachers shall attend up to four (4) "after-hours" meetings each school year with each meeting not to exceed two (2) hours in length.

Exceptions to this defined workday will be allowed in order to have teachers present at meetings which are by necessity held after students leave. Examples of such meetings are, but not restricted to, faculty meetings, IEP meetings, School Improvement Team meetings, parent conferences, etc. These kinds of meetings will not be scheduled on Fridays or on any day immediately preceding a scheduled school holiday, will not occur for any teacher more than one and one half (1 ½) hours in any particular week, and will not exceed one (1) hour beyond the defined work day.

In the event of delayed opening or early dismissal of school because of inclement weather or emergency conditions, the workday of teachers shall begin no earlier than 30 minutes before the students' scheduled arrival on school property and end no later than 15 minutes after the students' scheduled departure from school property.

Eleven month teachers, as defined in Article I, Section A, shall work an equivalent thirty-seven and one half (37.5) hours per week, with a 30 minute duty free meal each day, and shall not be subject to the workday limitations described above in this Article.

- B. With prior approval of the building principal, teachers will be permitted to leave school premises during the regular workday if there is no conflict in the performance of their professional duties and responsibilities.
- C. The number of duty days for teachers employed on a ten-month basis shall be not more than 200 for all newly employed teachers, 193 for 2nd and 3rd year teachers, and 190 for all others. One (1) day before school starts for students and one day after the year ends will be scheduled as a day for teachers to work without administrative meetings or in-service.
- D. In the event teachers complete all SafeSchools training from March – May for the following school year, the last scheduled day of the 10 month school calendar will be omitted from their required number of duty days.
- E. Teachers shall have a minimum of two hundred thirty (230) minutes per week of daily preparation time. Preparation time shall not be required on days teachers participate in field trips or programs held away from the school facility for the entire day. Preparation time shall be scheduled in blocks of no less than thirty (30) minutes across the entire week. A Teacher Planning Time Committee made up of Board and Association representatives would meet to discuss the potential availability of increased planning time and/or utilization of planning time. This Committee would meet at the request of the Association and have the opportunity to make recommendations for later Agreement negotiations.
- F. Teachers will be relieved of instructional duties for the last 2 hours of the school day at the end of each quarter in order to prepare and record students' grades.
- G. In order to ensure that the health and safety of the pupils and teachers are maintained, the following requirements are to be set by the Board:
 - a. When a room, building or area, because of its condition, is judged by authorized and qualified personnel, so approved by the Board of Education or mandated by law, to constitute an unsanitary or unfit condition, the room, building or area shall be closed to students and teachers until such conditions have been judged to be satisfactory. A classroom teacher shall notify the School Manager if he feels that an unsafe or an unhealthy room, building or area exists.
 - b. Teachers shall not be asked to search for bombs or other explosives.
- H. Substitute Teachers – Every effort shall be made to provide substitutes for all teachers absent from their regular teacher assignment.

ARTICLE VIII: PROFESSIONAL INVOLVEMENT IN CURRICULUM PLANNING

- A. The Board has always encouraged the involvement of teachers in curriculum planning and development and will continue to do so in the future. As a professional association, the Association will encourage its members to participate in the planning of curriculum for their subject area or areas.
- B. The Board and Association recognize the need of all professional employees to continually upgrade and reinforce their professional abilities. The Board and Association therefore agree to identify areas of need and to jointly plan, publicize, and actively encourage, by appropriate means, all professional employees to participate in in-service programs and continuing education courses offered within the County and sponsored by the Board.
- C. This Article is subject only to the non-binding Grievance Procedure of Article XX.

ARTICLE IX: INVOLVEMENT IN SELECTION OF INSTRUCTIONAL MATERIAL

- A. The Board has always encouraged the involvement of teachers in selection of instructional materials and will continue to do so. Teachers will be given the opportunity to voice their opinions through the principal in each school or the curriculum coordinator on the selection of materials for classroom instruction.
- B. Prior to the closing of any school year, teachers shall review and become familiar with available textbooks and instructional materials they will be utilizing the succeeding school year. In the event these books or other instructional materials are not available, teachers may obtain them from their building principal or immediate supervisor as soon as they are available. When said materials are available, the teachers will be able to check out applicable materials for use during the summer.

ARTICLE X: CLASSROOM CONTROL AND DISCIPLINE

- A. When in the judgment of a teacher, a student is by his behavior seriously disrupting the instructional program to the detriment of other students, the teacher may excuse the student temporarily from the classroom or area of concern, and immediately refer him to the principal or his designee. The principal shall investigate the incident to determine if the disciplinary process described below is necessary and appropriate. In such appropriate cases, at the request of the teacher, the principal or his designee shall arrange a conference within five school days with the pupil, parent or guardian and, whenever possible, the referring teacher and other appropriate personnel to discuss the problem and to decide upon proper steps for its resolution. If the referring teacher is unable to attend the conference, the principal or his designee shall provide a written summary of the conference to the referring teacher at the referring teacher's

request. A Student Discipline Committee made up of Board and Association representatives would meet at the request of the TCEA to discuss perceived concerns and issues related to the Board's and individual school policies and procedures governing student discipline. This Committee would have the opportunity to make recommendations to the Board for consideration.

- B. In fulfilling his/her duties as a teacher in maintaining proper student discipline, any teacher threatened with physical abuse or who is battered in connection with his employment shall immediately report the incident to his immediate supervisor and put it in writing as soon as possible thereafter. Serious incidents involving verbal abuse or outright disrespect shall be reported in a similar manner. The Board will assist teachers wishing to file criminal charges.
- C. At the teacher's request, this report will be forwarded to the Superintendent along with a statement of the corrective action taken by the principal. The affected teacher shall receive a copy of the principal's statement. Upon request, the Superintendent may assign a member of the Student Services Department to review the situation with the principal and teacher and work toward a resolution of the problem.
- D. This Article is subject only to the non-binding Grievance Procedure of Article XX.

ARTICLE XI: PROFESSIONAL DUES DEDUCTION

If a teacher's final salary payment is not enough to meet the remaining dues responsibility, the collection of such monies shall rest entirely with the Association.
- G. The Association shall indemnify and save/hold the Board of Education harmless of any and all claims, grievances, demands, actions, suits, or other forms of liability or damages that arise out of, or by reason of any action taken or not taken by the Board for the purpose of complying with any of the provisions of this section and the Association assumes full responsibility for the disposition of the funds deducted under this section as soon as they have been remitted by the Board to the Association.
